PROFILE SUMMARY

- **MBA** in Finance with **18 years** of extensive experience in leading Indian business conglomerates including **TATA Group, SMFG Credit India (Fullerton India), Reliance (ADAG)** and **Lodha Group of Companies**
- Proficient in business and financial planning, analysis, and strategy development across diverse industries including **financial services, real estate and media & entertainment.**

PROFESSIONAL EXPERIENCE

Vice President – Business Planning & Analysis at **SMFG India Credit Company Limited** (March 2020 - Present)

SMFG registered with the RBI as NBFC-Investment and Credit Company (NBFC-ICC) and member of the SMBC Group.

Reporting to: Business Head → Chief Business Officer | **Location:** Corporate Office, Mumbai, Maharashtra

- Leading business planning for rural finance (JLG/PL/LAP/TW) with **AUM of ₹ 9,000 Cr** and managing a team of seven professionals.
- Overseeing all aspects of business performance, including financial planning, incentive policy, expense management, # **600 branch monitoring**, productivity assessment, branch scorecards, and business presentations.
- Developing annual budgets and profit & loss forecasts, building financial models to support long-term growth, and evaluating risks and opportunities impacting the strategic plan.
- Responsible for new branches location identification and Financials modeling (Opex/Capex/Headcount Planning)
- Analysis report consistency of all products, regional & branch P&L statement to team publishing the regional score card with ranking.
- Support to CBO / BH / Product Head & NSMs for business performance and suggesting suitable remedial.

KEY ACHIEVEMENTS:

- **P&L Management** - Established accurate product-level P&L reporting for the Assets portfolio by resolving legacy issues in cost allocation and employee-product tagging. This enabled identification of high loss-making products and informed strategic decisions to scale down or discontinue unviable offerings.
- **Financial Modeling** - Developed a 5-year strategic P&L for the Rural Portfolio (unit- and product-wise), targeting an overall **ROA of 4%** with a **Cost-to-Income ratio below 50%**. Monitored key financial metrics including NIM, Fees-to-Assets, Opex-to-Assets, and NPA to support long-term growth.
- **Operational Efficiency & Strategic Cost Optimization** - Monitored branch-level profitability and employee productivity to optimize resource deployment, directly improving operational performance and cost efficiency.
- **Delivered cumulative cost savings of over ₹50 Cr** - through multiple high-impact initiatives:
 - ₹30+ Cr. saved via strategic manpower reallocation across underperforming teams
 - ₹10+ Cr. saved through closure of low-ROI branches and rent renegotiations or re-allocation.
 - ₹7+ Cr. saved by identifying and correcting erroneous payouts in auto-debit collection processes
